Vikings Rally To Upend Bucks, 19-9

by Joe Schrader

Trailing 9-6 going into the final quarter, Grayling notched its first victory of the 1980 gridiron campaign Friday by rallying for two TD's the final 12 minutes to upend arch-rival Roscommon, 19-9. The win in Buck territory evened the Viking record at 1-1 and set the stage for this week's Home-

coming game against Boyne City Friday night.

"We played good ball the 1st and 4th quarters," Head Coach Bill Klinger commented Saturday, "the middle half the game we were guilty of a lot of penalties, but the kids came back and played hard the last quarter despite the rain."

The Vikes set the tone for the

game early when they recovered a Buck fumble on their own 47-yd. line after the opening kickoff. QB John Junttila went to work and Grayling moved the ball to within three yards of paydirt before a goal line stand by Roscommon thwarted the Viking drive on the one. But the Vikes nailed down a TD their very next possession.

Taking over on the Buck 40 after Roscommon kicked the ball away, Grayling moved to paydirt. Junttila hit tailback Billy Roach for two quick gainers to the Buck 14. Five plays later Junttila cracked in from three yards away but the score was nullified by an illegal procedure call against Grayling. The quarter ended scoreless but at 11:32 of the second, Roach squirmed in from the 2-yd. line to shove the Vikes ahead, 6-0. A 2-point conversion pass fell incomplete.

Rosco battled back to knot the score at 6-6 late in the half, punching the ball in from a yard out after drive was aided by a pass interference penalty against Grayling at the 10-yd. line. The x-point kick sailed wide and the teams were deadlocked at halftime.

The Bucks moved into the lead midway through the 3rd

Amy was born 91 years ago in Oscoda to the Henniger family, and married Herb Gothro who was "the barber" here in Grayling for many, many years.

Amy bore three children—Don, Ken and Ellen. Don died rather young several years ago, but there are eight grandchildren now, but Amy isn't exactly sure whether the great grandchild-

ren are number ten or eleven.

Amy has lived at AuSagra Acres for twelve years now, but the Senior Citizens Center, is, in her words: "a second home to me."

"We have lots of activities, and everybody is lovely. We make good friends. We have good meals at noon, five days a week, and on Tuesdays and Thursdays we have dinner in the evening, which I don't miss!"

"I am handicapped. I had a stroke on my right side and it is hard for me to cook for myself, See Lucky on Page 6

GHS Girl's Cage Squad: "Young, Cohesive"

by Joe Schrauder

The GHS girl's basketball team will swing into conference action next Tuesday night when the Boyne City Ramblers come to town with tipoff time set for 6:15 p.m. at the high school gym.

GHS cage coach Marilee Cheney calls her squad "young, enthusiastic and confident" about this year's season-one that will span 19 games between now and mid-November. "We're cohesive", she remarked last week despite a 84-57 loss to a tough Johannesburg-Lewiston team on Tuesday, "and morale on the squad is high." She said the team will rely on speed and aggressive play this year to counter its lack of height.

The Coach predicts that St. Ignace, Cheboygan and Petoskey are the league teams to beat this year in the race for the conference crown. "If we continue to improve, though," she added, "we could be in the thick of it too."

The team evened its season mark at 1-1 with the loss to Joburg, considered by many to be one of the top teams in northern Michigan. Jane Baynham topped the Vikes with 17 points and hauled down 10 rebounds, guards Lisa Radebaugh and Diane Lee added 11 apiece. All-Stater Debbie House led Joburg with 31 points.

In JV action, Coach Carol VanNuck's team ran its record to 2-0 with a 53-22 drubbing of Joburg. Jean Bitner led the Vikes with 12 points with Joan Stevens and Celina Eshenroder hitting for 11 apiece.

Both squads travel to Kalkaska this Thursday night for a pair of non-league contests with the JV game scheduled to get underway at 6:30 p.m.

From Our Corner...

Eureka...it is finally happening...the photo tells the story...work started last week on the railroad crossing, and it should be finished any day now, we hope. We were in Traverse this past week and had the dubious honor of having to use the detour for the construction...now we thought the crossing was bad, the detour is twice as rough, but, there was that nice feeling to know that in a short time the ride over would be as smooth as the one south of town...

Lake Construction Co. of Indian River has the approaches to the track finished, and now are waiting to have the railroad company raise the track so the work can be finished...

Once again we will try and explain how Letters to the Editor must be written in order for us to even consider their publication...first of all if the author neglects to sign their name, or just puts concerned writer, we don't even bother with it, the letter is thrown away...second, if the person writing the letter does sign their name, we still reserve the right of not publishing it if in our opinion it is libelous, or there is defamation of character...the Avalanche is held as responsible as the writer in case of libel...third if the letter is signed, and we feel it has good merit, we will withhold the writers name if requested, in order to possibly save the writer any harassment...but, the letter must be signed, with address and phone number, for our files.

Letters sent to us, and are not printed, we do not have the time to set down and write a letter telling of the reasons why we did not publish it...if the person calls we will explain the reason, otherwise they are thrown away...

We encourage letters in good taste...they give new input into the Avalanche...but if you are writing in disgust, may we suggest you hold it over a couple of days and read it again, and eliminate any libelous terms...or defamations...then we are sure you will have a more constructive letter...

We read the following in the Sunday paper...
"I want to stand up and be counted on that issue as long as I remain anonymous..." enuf said...

Now that the fall sports are underway in Vikingland, with the boys on the gridiron and the girls on the hardcourt...they all need the full support of the fans, both for football and girls basketball...these athletes are representing all of us who live in Crawford County, they are just not out for themselves...check the schedule, varsity gridgers play on Friday night, JV gridgers on Thursday evening and Girls basketball on Tuesday and Thursday evenings (with a couple games on Monday and a Friday)...support them...they will appreciate your attendance, it gives them something to be proud of...

For those who may be interested, the meeting at the Holiday Inn is about Family Adult Foster Homes and not AIS homes. However the public is invited to attend this meeting.

We started this turkey earlier so we would have more time working on the layout of the paper and now find ourselves trying to hurry and get home in time for the Monday night football game and enduring whispering Howard Cossell...the leprechaun dropped by to prolong our ordeal, and we have been wondering how come R.J. from the Nick hasn't come in and let us know what the trials and tribulations he has been going through since he finally went back to work...we just finished hearing how rough it is to own a drug store...our heart bleeds...

That pause you just noticed was our stopping to bid the Lep good night...and with that were going to close the corner and head for the wagon shed...have a nice weekend...autumn just began tonight (Monday) it is a beautiful time of the year in northern Michigan...

"Make sure your car insurance protects you in 'no-fault' states."

"If you're planning on a long trip by car, chances are, you'll be driving through states with 'no-fault' insurance laws.

"If you're covered by an Auto-Owners policy, you can relax. Auto-Owners provides protection automatically under its bodily injury and property damage liability coverage in 'no-fault' states.

"This kind of far-sighted protection is just one of the reasons we recommend Auto-Owners Insurance to the people we serve."

The Bible Speaks

From Calvary Baptist Church

C.H. Spurgeon's Bible

For over 300 years no pastor has made the impact of C.H. Spurgeon, commonly called "The Prince of Preachers". This English Baptist pastor of the 19th century is still one of the widest read and quoted men in religious circles. When considering his books, the theme for generations has been: "Sell all that you have...and buy Spurgeon!" Few books were written on the religious scene in Victorian England which did not mention his name.

The last college conference address delivered by C.H. Spurgeon before his death January 31, 1892 gives us much insight into Spurgeon's greatness. His address was printed in a book called C.H. Spurgeon's Final Manifesto. The title of his sermon was "The Greatest Fight in the World" based on 1 Timothy 6:12. The first point of his sermon spoke of our Armour, the Bible.

Spurgeon said of the inspired Bible: "Brethren, we will array ourselves in that which God has supplied us in the armoury of inspired Scripture..." "We are resolved, then, to use more fully than ever what God has provided for us in this Book, for we are sure of its inspiration. Let me say that over again. WE ARE SURE OF ITS INSPIRATION." "To us the plenary verbal inspiration of Holy Scripture is fact, and not hypothesis."

Spurgeon defended every verse and every section of his Bible: "After its present assailants are all dead, their funeral sermons will be preached from this Book-not one verse omitted from the first page of Genesis to the last page of Revelation." "If you adopt theories which pare off a portion here, and deny authority to a passage there, you will at last have no inspiration left, worthy of the name." "Today it is still the self-same mighty Word of God that it was in the hands of our Lord Jesus."

Spurgeon was a contemporary with Westcott and Hort. The revised Greek and English New Testaments of these men had been printed 10 years when

Spurgeon attacked changes in the Bible: "Are these correctors of Scripture infallible? Is it certain that our Bibles are not right, but that critics must be so?...Are we to believe that infallibility is with learned men?...All possibility of certainty is transferred from the spiritual man to a class of persons whose scholarship is pretentious, but who do not even pretend to spirituality. We shall gradually be so bedoubted and becriticized, that only a few of the most profound will know what is Bible, and what is not, and they will dictate to all the rest of us. I have no more faith in their mercy than in their accuracy; They will rob us of all that we hold most dear, and glory in the cruel deed. This same reign of terror we shall not endure, for we still believe that God revealeth himself rather to babes than to the wise and prudent, and we are fully assured that our own old English version of the Scriptures is sufficient for plain men for all purposes of life, salvation, and godliness. We do not despise learning, but we will never say of culture or criticism, These be thy gods, O Israel!"

Many of us still use that same King James Version of 1611! Do You??? (adv.)

MUDDY VICTORY—The Vikings came back to defeat the Roscommon Bucks 19-9 on a muddy gridiron at Roscommon last Friday evening to set their season at 1 and 1. This Friday they face the Boyne City Ramblers in their first conference contest and it will also be homecoming for Vikingland. (Joe Schrader Photo)

Vikings

(Continued from Page 1)

quarter when Rainer Hilton rammed home a 38 yard field goal with plenty of room to spare at the 4:21 mark. Rosco maintained the 9-6 edge into the 4th quarter when the rain came and Grayling got its act together.

The Vikes scored with 6:56 remaining with Roach again tallying from eight yards out. Tailback Brian Yoder earlier moved the ball on two carries to the Buck three yard line but a costly penalty moved the Vikes back to the 22. Junttila passed to Roach on a key play to the eight and the senior tailback carried it in from there on a counter trap play on his next carry. Yoder's kick failed after a penalty moved the ball back but the Vikes were out in front to stay, 12-9.

Grayling tallied an insurance score with just over a minute left when Dan Lucksted punched over from one yard out and Yoder added the extra point.

"It was a total team defense," Klinger commented afterward, "we only had three unassisted tackles all night. That shows the kids were gang tackling on all the others."

TAGGING THE VIKINGS: Grayling rolled up 197 yards total offense against Roscommon, 105 yards in the air and 92 on the ground...

QB Junttila hit on 10 of 19 passes for a 52% completion rate. Roach was his favorite receiver with eight receptions... Dan Lucksted and Roach were the leading ground gainers for the Vikings. Lucksted scampered 30 yards for a score the second half but the TD was nullified by a clipping call against Grayling...

The contest was marred by Penalties-officials walked off 120 yards against Grayling. Klinger cited lack of concentration and overexcitement on the

part of the kids for contributing to the high penalty count...

Grayling's "Bandit" defense was led by defensive back Brad Trenary who was in on 17 tackles against the Bucks. Klinger also lauded defensive back Jamie Radebaugh and linebackers Paul Brackenbury and Dan Lucksted, as well as junior middle guard Wayne Metzger, for their defensive play...

The JV's hosted Rosco Thursday night but the Bucks went home with an 18-6 win, dropping Grayling's record to 0-2. Quintin Taylor tallied the Viking's only TD on a 16 yard scamper in the 1st quarter. The JV squad heads for Boyne City Thursday night for a clash with the Ramblers...

Boyne City will bring a 2-0 record to town for Friday night's Homecoming clash and first conference encounter for both clubs. The Ramblers upended Tawas last week, 15-14. Boyne City was winless last year, dropping all nine games, by contrast though, the Rambler JV squad won all of its 1979 games.

Kickoff time for the game is 7:30 p.m. and Klinger predicts the Vikes "will be excited and ready to play on Friday."

Chapel Guild

The Lovells Chapel Guild met at the Women's Club house with ten members present.

A lovely pot-luck luncheon was served with Sophie Koerke as hostess.

The meeting was opened by the Chairman and each member responded to roll call by reading a Bible verse.

A motion was made to send a donation to C.A.R.E.

Devotion was given by Hazel Koerke, the topic was Faith.

Our next meeting will be October 1st at Leona Nichols home at K.P. Lake. All are welcome see you there.

Alumni News

by Clara Sorenson

How fortunate we were when Dr. B.E. Henig chose to stay in Grayling. There have been 30 years of house calls, babies, hospital rounds, surgery...all with kindness, patience, sternness (when necessary). He brought with him his wife, Jeanette, who has done her willing share of community service. They raised five daughters, Jeanette (Mrs. Don Sawyer), Alumna, Leelanau Schools; Gretchen (Mrs. John Nelson), Alumna, Kingswood School; Candace (Mrs. Michael Monroe), G.H.S., '69, Claudia (Mrs. Gerald Pielack), '71 and Betina, '74. He came to the School Board in 1959, continuing until 1974. We thank him. He has found his recreation in the out-of-doors, on the AuSable with a fly rod, on the golf course, skiing with his family. September 27 will be Dr. Henig Day for G.H.S. Alumni.

We should all be indebted to our G.H.S. Alumni who served the School Board, namely, Matilda Foley Bishop, '14, Roy Milnes, '16, Jerome Kesseler, '31, LeRoy Millikin, '35, Bill Joseph, '37, Melvin Neilson, '40, Gordon Thompson, '44, Gerald Burns, '44, James Kolka, '46, Pat Harwood, '46, Pat Stephan Fowler, '51, Duane Sloan, '52, Dave Wyman, '60. Why only Alumni listed?...why not?...Incidentally, I had a letter from Matilda Bishop from California, and I quote, "I am glad Dr. Henig is to be honored in this appropriate fashion". So are we.

Again, we invite all G.H.S. Alumni to attend our Annual Dinner...send reservations to the Alumni Office, 403 Michigan Ave...Tickets, \$6.50 each.

Lucky

(Continued from Page 1)

so I come over and eat with the rest of the folks and enjoy the hospitality.

"Boy, do we have fun at our dances. Every Tuesday evening after our dinner hour, we dance in the big recreation room. Of course, I can't dance, but, I can always listen to the music, which I do.

"And, we go on mystery trips once a month, usually, and they are a ball! We never know where we are going, but always end up at some crazy place and have a real good time.

"We have a wonderful leader in Lora Gould and the Staff are beautiful to all of us. Everybody helps the other fellow and we have fun, which is half of life!"

Remember that last line: "We have fun, which is half of life!"

Amy not only goes on the mystery trips, she goes on the handicapped trips, and on the over eighty dinner adventures. She loves to travel, and altho it is a little hard to get started in the morning, even if the bus leaves at 7 a.m., Amy makes it! Because, as she says: "the bus won't start if I'm not on it."

In 1978 Amy Gothro was elected the "Outstanding Senior Citizen of the Year" and Reigned as Queen for the year. She rode in the Center's float in all the parades and presided at the Senior's Ball.

What is important about Amy's story is that the activities of the Center make Amy's life interesting, and exciting, and brings joy to what otherwise would be only a "waiting for the end" existence.

If YOU are lucky and live to be a Senior, hope that the Senior Citizens Center is still here to bring fun and joy to your life!

CARD OF THANKS

I would like to thank family and friends who visited my father Russell Vallad at Provincial Nursing Home in Gaylord.

Dedication of Firefighters Memorial Set

The long awaited dream of many firefighters in the State of Michigan will become a reality on September 20th. On this very important date, the memorial to honor all firefighters in the state will be dedicated. The 12-foot statue, which will be bronze, depicts a 19th century fireman holding a child in one hand and a lantern in the other. Mr. Edward Chesney, a well known artist from East Detroit, was contracted to do the statue.

The dedication will be Saturday, September 20th at 1:30 p.m. in Roscommon. Take Exit 239 off I-75, go east ¼ mile to County Road 103.

The Memorial Dedication Schedule is: Noon-Parade; 1:30-Dedication; 2:30 to 4 p.m.-Tours of the Memorial and of the Forest Fire Experiment Station; from 2 to 7 p.m.-Chicken Barbeque; and at 9 p.m.-Memorial Dance at the D.N.R. Airport.

Par For The Course

The Sunday Golf parties ended with a bash on Sunday, September 14, 1980, at which 96 golfers and diners enjoyed the rather cool weather for their round of golf. A cheerful fire in the fireplace greeted them as they returned to the clubhouse for a sumptuous prime rib dinner put on by Tom and Laura Schans and Ron and Nora Fraser aided by Holiday Day employees Ron and Charlene. The delicious beef was accompanied by tossed salad, baked potatoes, rolls and vegetable. And to complete the meal, I was completely surprised by a Birthday cake sent for the affair by my mother, Mrs. Rosa Christenson. Thank you, mother!

Norman Thompson and Doris Birtcher were the winners in golf coming in with a net of 30. Mabel Gothro took the longest women's drive on number 7. Hal Walker took the longest men's drive on number 5 and Charlie Vajda was closest to the pin on number 8. A drawing was held following dinner at which many of the party-goers won golf balls. Tom Brogger and his staff were on hand to assist. Thanks to everyone who did a super job for the final party. We'll see you in '81!

Bits O'Talk

Mr. and Mrs. Norval Stephan and their daughter, Mrs. Bernie Fowler have returned from a two week visit to Alaska where they visited John and Susan Stephan and children, Paul and Alison. They flew from Tri-City to Anchorage on August 25 and stayed overnight there and were met by John the next day. John lives halfway between Soldatna and Kenai. They enjoyed an overnight camping trip in the area and many long hikes during the days.

Jim Boone and his sister, Mary Beth, children of Mr. and Mrs. Bill Boone, were among those who sent up balloons following the Centennial Potluck at the Methodist Church. They were very surprised to receive a call early the next morning from Beaverton saying that someone had already found their balloon.

Audition dates are set for September 19th at 7:00 p.m. and September 20th at 3:00 p.m. in the Kirtland theatre. If you can sing, dance, act, or play a musical instrument your presence is welcome.

The play calls for 30 people onstage and twenty in the pit orchestra being led by Stan Bawol of West Branch. All parts are open except Wurz did mention that he has been in contact with the real Superman to negotiate the possibility of him playing himself.

This play is done in a style reminiscent of the old comic book series and includes the infamous characters of Lois Lane and Perry White as well as an array of Villains. Don't miss the opportunity to take part in this extravaganza that promises to be a lot of fun.

Wildlife Artist's Work Up For Bid at Sept. 23 Ducks Unlimited Banquet

Wildlife artist Rod Lawrence of Kalkaska, the first winner in the annual competition for the Michigan Ducks Unlimited Artist Award Print Contest will be one of a number of artists whose work will be up for bid in the auction planned as part of the Sept. 23 Sportsman's banquet at the Manistee Lake Lounge.

Mr. Lawrence recently won the 1981 Michigan Trout Stamp Contest and placed in the top 10 in the State's Duck Stamp Contest. Two of his prints to be auctioned off that evening are a remarkable Canada geese scene which was the Michigan D.U. print of the year in 1979, and a remarkable wild turkey scene which was runner-up in the National Wild Turkey Stamp Contest also in 1979.

Other Michigan artists whose work will be featured include Kalkaska's artists Judy Bryant and Bonnie Avery, Grayling artist Charles McDaniels, Muskegon's Ed Zednik, and a

decoy carving by National Champion Ray Eckert of Fife Lake. Dietmar Krumrey of Manistique, winner of the 1980 Michigan D.U. Artist Award, will have his winning print of wood ducks up for the auction as well as appearing on the cover of the dinner programs. Another featured artist will be Lee LeBlanc of Iron River. Mr. LeBlanc is one of this country's foremost wildlife artists and has been selected as the national Ducks Unlimited 1980 "Artist of the Year". He worked some 25 years in cartoon animation and special photographic effects for the motion picture industry before concentrating on wildlife art in 1962. His first national recognition there came in 1973 when he won the prestigious Federal Duck Stamp Contest.

This sportsman's prime-rib dinner is sponsored by the recently formed Manistee River Chapter of Ducks Unlimited. Among the scheduled events are door prizes, drawings, live and silent (write-in) auctions. Prizes valued at over \$7,000 include a 17' canoe, a custom made oak gun cabinet, several shotguns, a deer rifle, and various sporting related items.

A public showing of some of the major prizes and artwork will be held on Sept. 19, Friday evening, 7-10 p.m. in the Cadillac State Bank. Free donuts and refreshments will be served.

The proceeds from this dinner will be used by Ducks Unlimited in its continuing efforts to develop waterfowl habitat. For more information about Ducks Unlimited and the Manistee River Chapter, contact Neil Rockey of Kalkaska, or Ed Norman of Williamsburg.

Senior Citizen Homemaker Service

The Senior Citizen Center will have enough Flu Serum for 100 flu shots to be given to the Crawford County Senior Citizens September 26, from 1:00 to 4:00. This is definitely limited to 100, so you must sign up as soon as possible. These shots are very important, especially to the Senior Citizen, as they are more susceptible to flu complications. So come in as soon as you can and get your name on the list.

Another did you know that—in 1977, \$253 was spent for each person under 19 years of age, \$661 for those 19-64 years of age, and \$1,745 for people 65 years of age and over;

Lower incomes and higher incidence of chronic conditions compound the elderly's health problems and ability to pay;

One of every four older Americans has an income near or below the poverty line;

Social Security benefits for new retirees aged 65 amount to about 47% of pre-retirement income;

About 40% of older persons are limited by a chronic condition as compared to only 7% of younger persons;

An older person has one chance in six of being hospitalized during a year, compared to one chance in 10 for persons under 65, has nearly twice the chance of a younger person of being hospitalized more than once and will probably have a longer hospital stay—11.6 days vs. 6.9 days.

Tina will be at the center to entertain you with an Organ Concert, Thursday, October 2, from 3:00-5:00. The following Thursday, October 9, she will be giving Organ lessons from 1:00-5:00. So, all you Organ Music lovers be sure and mark these dates on your calendar and come to the Center and enjoy Tina's beautiful music.

Again, if you, or if you know of someone who needs our Homemaker Services please call the Senior Citizen Center (348-9314) for more information. Better yet come in and see us, we would love to meet you. You are all welcome anytime.

Is state 10% overstaffed?

RICHARD MILLIMAN

One of the more mystifying proposals I've heard in state government over the years was the recent idea put forth by Michigan's Governor William Milliken that 71,000 state employees take some time off without pay to help out the state budget crunch.

The idea, as I understand it, would be for state employees to take one day off per pay period—in other words, only work and get paid for nine days in a two week pay period instead of 10 days.

That way, state budget officials figured, the state could save about \$3 million in payroll every two weeks, and perhaps forestall the need to lay off employees when a new budget year begins in a few weeks.

There were several variations on the same theme in the governor's proposal—such as work 10 days in two weeks, but only collect pay for nine days, and take the other day's pay at some time in the future, or add the other day to annual vacation time; or take a leave of absence for up to three months, without pay...sort of a non-paid sabbatical or something.

At last look, not too many state employees were jumping at the chance for more time off. Neither were their unions. It's not surprising.

What is surprising is the proposal's inherent admission that the state is at least 10 percent overstaffed.

If the state can send its employees home one day out of 10 for the sake of instant economy, then why can't it permanently reduce its work force by that same 10 percent? Maybe that "work" done on the 10th day is really not necessary in the first place.

Or, if employees can take three months off without pay for the sake of helping out an immediate budget crunch, maybe their jobs should be scrutinized very carefully to see if perhaps they could take 12 months off—and not come back at all.

It's no wonder to me that more employees don't take the governor up on his suggestion. To do so would be a tacit ad-

mission that the employee really isn't needed all that much.

While we're talking about budget crunches and state jobs, attention is called to the recent hiring of a long-time state political writer as a top-level assistant to the Michigan budget and administration director.

The new job, it was pointed out, will include explaining to the public the intricacies of the state's tax and budget systems. In other words, the new man will be a high-level public information officer.

Having known and worked with the new state employee for years, I don't begrudge him his new job. It may indeed be filling a genuine unmet public need. However, I suggest that his first assignment might be to justify to the taxpayer his own hiring, especially in view of all the emphasis on tight budgets and layoffs and the like.

In the same vein is the flap about Michigan State University President Cecil Mackey, and \$90,000 in improvements to his official presidential residence, and another \$17,000 to uplift the presidential box at the Spartan football stadium.

Again, perhaps the repairs were needed, but the justification to the taxpayer, in these tight times of state employee layoffs and tuition increases at MSU and other state colleges, is a delicate and difficult matter.

Maybe President Mackey should hire his own new public information officer to get his story to the taxpayers.

Some closing Nuts and Jolts from Hod Shewell:

—Colonel Sanders doesn't care if a guy is a left-winger or a right-winger, as long as he buys Kentucky Fried.

—It seems as if kids today no sooner get off one pot than they get on another.

—Windmills should be installed in the halls of Congress; harnessing all that hot air would ease the energy shortage.

—A real die hard is a guy who will still be voting for Harold Stassen in 1992.

Cindy L. Valuet and Todd S. Mack were united in marriage on Friday, July 18, 1980 at Our Lady of the Lake Church in Waterford, Michigan. Father James Cronk officiated at the double ring ceremony.

Eva Strempek, former Grayling Choir teacher sang at the wedding including songs, "Sunrise, Sunset", "Ave Maria", and "Love".

The bride graduated from Central Michigan University and was a Home Economics and Contemporary Family Life teacher at Grayling High School. She is the daughter of Richard and Ruth Valuet of Venice, Florida.

The bridegroom, son of Nadine and John T. Mack II, is a graduate of Central Michigan University. He is an insurance investigator and adjuster for the Home Insurance Company.

The bride was attired in a white gown of crystalline organza trimmed with silk Venice lace and seed pearls along bodice, cuffs and hemline. The gown had full

Bishop sleeves, Queen Anne neckline and a full length chapel train. The fingertip length veil had matching lace trim. The bride carried a cascading floral bouquet of white stephanotis, miniature white carnations, baby's breath and bridal pink miniature roses with ivy.

The maid of honor was Pamela Sue Kelly, and the bridesmaids were Lory Valuet, Jennifer Mack and Chris Smith of Grayling. The bride's attendants wore matching Qiana dresses of sea green with high necklines, open short sleeves and a double layered curved hemline. Their matching short green veils were accented with miniature pink carnations and baby's breath. They carried baskets of daisies, miniature pink carnations, baby's breath and with ivy cascading off one side.

John T. Mack III of Middleton, Ohio served as his brother's best man and the groomsmen were David Valuet, William Valuet and David Rafaidus.

A candlelight dinner reception with dancing took place at the Pontiac Silverdome Main Event Banquet Room for approximately 150 guests.

The couple spent a two week honeymoon in Maine and along the East coast and are now residing in Pontiac Township.

Child Care Workshops Held at KCC

Kirtland Community College held four Child Care Provider workshops during the months of July and August, for those persons providing child care services for members of the surrounding communities. A total of 40 caregivers attended, and 72 children were cared for.

These Child Care Provider workshops were designed to provide training for providers and their employees, and included such topics as relationships with children, growth and development, health, types and values of play, programming activities for children, nutritious snacks for children, and building relationships between day care providers and their families.

20 hours of participation (one workshop) were required to earn a training certificate from the Michigan Department of Social Services. One college credit was also granted upon request of the participant. Care was made available for children of participants who were unable to find alternate care. All materials for the seminar were provided, and lunch and afternoon snacks served to the children.

Funding for these workshops was obtained from a grant from the Department of Social Services, and was sponsored by the Wayne State University Center for Urban Studies.

The date of the Kalkaska Arts and Crafts Festival has been set for October 4th, 10:00 a.m. till 5:00 p.m. Entrants are asked to arrive in plenty of time to set up displays before the doors open.

Entry blanks may be obtained from The Greater Kalkaska Area Chamber of Commerce, Box 291 Kalkaska or from Jeanne Lantzer P.O. Box 377, Kalkaska (Mrs. Dale Lantzer).

The Committee is requesting that entries be made before September 22. Over thirty persons have signified their intention to display and over seventy entrants are expected.

The Volunteer Aide Program is starting its ninth year in the Crawford AuSable Schools. We need your involvement to make the program a success again this year. Some of you who volunteered your time were not called upon to help last year, but this year there is a increased need for volunteers.

There are many things a volunteer can help with: Assisting the classroom teacher by helping individual children, correcting papers, bulletin boards, etc. Helping the remedial reading teacher on a one to one basis with children, etc. Library aides are needed to mend books, arrange shelves, sort materials, etc. Especially busy day aides for school pictures, vision and hearing tests, etc. Lunchroom aides are needed for one hour daily to help the lunch hour run more smoothly; help seat children, open milk cartons, etc. Playground aides are needed for one hour daily to help supervise the playground. Special materials aides to make posters and do small art projects.

If you enjoy working with children and have an interest in their education—we need you. The amount of time you spend volunteering is up to you. You may help out on a weekly basis with one or more students or come to help on an especially busy day or help supervise the lunchroom or playground when you have the time. Become involved today. For more information about the program or to sign up call: Cheryl LaDuke at 348-7641 ext 52.

As summer comes to an end, so do my strolls—except down Michigan Avenue, Maple and Chestnut Streets.

It's nice to know there are many people out there who enjoy taking care of their property and making it attractive for passers-by—I've received many phone calls stating that. Many of my callers have also voiced their dislike for some of the unmentionables around town—I would like to tell you about them but that is not my purpose. The only thing I can say is keep fixing up, keep talking about it and maybe some of the offenders will become embarrassed and do something about it. We have the potential to make this a beautiful spot, even with poor soil and a short growing season.

Madsen St. is seeing many improvements now with the leveling off of front yards and sidewalks. The Gary Fox home on Michigan is getting a new coat of Colonial blue paint. Don't miss Mrs. Milnes new flower bed at the back of her new garage.

See you in the spring—

Coming to school on Wednesday was very exciting. I was glad to see all my friends and I like my teacher a lot. She is nice. And I am glad I am in her room. The night before school started I went to bed and I could not get to sleep. I finally got to sleep at midnight. I like school and my teachers so far and I hope it stays like that the rest of the year, a nice teacher and a nice school. Written by Kelly Springer, fifth grade

Coming to school on Wednesday was very exciting. I was trying to pick out what to wear. Then I was anxious to see what teacher I had. Finally it was morning and I didn't want to go to school. And when I was going to the bus stop I was nervous. The when I got to school I was happy. Written by Tiffany Shepherd, fifth grade

Coming to school on Wednesday was confusing. It all started the night before. I woke up two hours early, but I looked at the clock and then went back to sleep. I woke up in the morning and my Dad drove me to school. I was nervous at first but I got used to it. Now I'm having fun.

Written by John Marsack, fifth grade

Coming to school on Wednesday was fun because I got to see my friends and all the teachers' smiling faces. It was fun trying to find my room. And now it is fun because we are the oldest ones in the school, fifth grade. We can help other kids with their ABC's and stuff like that. And I think school is fun all the time. See Michigan's Fall Color

Fall Color Show Set For Michigan

Michigan's woods ablaze in vivid orange, red and yellow provide a colorful background for a harvest festival, a cider mill outing or a college football game, according to Automobile Club of Michigan.

Another way to see fall color is from the deck of an excursion boat. Fall color cruises are offered on Lake Charlevoix, the AuSable River near Oscoda, Kensington and Metro Beach metroparks in Southeast Michigan and Lake Superior off Munising.

The Charlevoix Chamber of Commerce sponsors two-hour

cruises at 1 p.m., September 27, October 4-5 and October 11-12.

The AuSable River Queen paddle wheelers run daily or weekends only Sept. 27-Oct. 19. They can be boarded at Foote and Five Channels dams, west of Oscoda. For information, call (517) 739-7351.

Although not organized as a fall color cruise, an outing on the two metropark paddle wheelers provides ample opportunity to see autumn's foliage ablaze with color. The Island Queen is located at Kensington Metropark near Milford, Mich. (313-685-1561) and the Dixie Belle is the pride of Metro Beach Metropark near Mt. Clemens (313-963-3022).

Three-hour narrated fall color trips are offered daily by Pictured Rocks Cruises at Munising, where the colorful expanse of forest is seen against a background of Lake Superior whitecaps and magnificent rock formations. The cruises are offered daily Sept. 21 into October, and information can be obtained by calling 906-387-2379.

Tailgate picnics and strolls through campus towns tinged with autumn hues make Saturday college football an enjoyable way to take a color tour. The college football season is in full swing when the fall color spectacle unfolds across the state.

There are 90 cider mills on Auto Club's 1980 guide and they all promise a pleasant afternoon in the country where color-watching is a you.

Many city dwellers can find spectacular fall color views at the local zoo or at a municipal park. There are bike trails winding through cities and out into the surrounding countryside. Best color viewing in Michigan this year will be September 19 to October 12 in the Upper Peninsula and in the Lower Peninsula north of a line from Ludington to Standish. Advancing south to a line from Muskegon to Port Huron, fall color is at its peak in Michigan's mid-section Oct. 3-Oct. 19. Extreme southern Lower Michigan will have its best color viewing Oct. 10-Oct. 26.

Absence of rainfall means leaves change color earlier. The 1980 fall color schedule should be about the same as last year following a dry summer in the northern third of the Lower Peninsula but abundant rainfall elsewhere.

Festivals with an autumn theme include Leslie's Fall Festival Day Sept. 13; the Oktoberfest at Copper Harbor, Sept. 13-14; the Apple Festival at Niles, Sept. 18-21; the Clarkston Craft and Cider Festival and Mackinaw City's Fudge and Fall Festival, both Sept. 19-21; the Saugatuck-Douglas Indian Summer Festival, Sept. 20-21; The Oktoberfest at Detroit's Riverfront Hart Plaza, Sept. 25-28; the Fallasburg Fall Festival at Lowell, Sept. 27-28; Clinton's Fall Festival and the Autumn Harvest Weekend at Dearborn's Greenfield Village, both Oct. 3-5, and the Autumn Festival at White Pine Village near Ludington, Oct. 17-19.

Celebrate 25th Anniversary

Twenty-five years ago on September 23, 1955, Norlene Helm and Earl Cooper were united in marriage in Union Lake, Mich., by Frederick R. Stysham, J.P. Their attendants were Earl's brother and sister-in-law, Wilbur (deceased) and Betty Cooper of Pontiac.

Earl and Norlene vacationed at their cabin, with family and friends for many years in Grayling before making their home here four years ago upon their retirement. Earl retired from Ford Motor Co. in Wixom and Norlene was in food management and a cook in the Union Lake, Pontiac area.

Earl's parents, Olie and Bernice Cooper resided in the Beaver Creek area for many years.

Their children, Gary and wife Judy Helm, Wayne and wife Barb Helm, Ed and wife Linda Helm, and daughter Char Savallisch along with their 13 grandchildren all join in wishing them many more years

of happiness with all their love. Their daughter Char Savallisch would like to invite all their family and friends for coffee and cake at the Dinner Bell Restaurant in Grayling on Tuesday evening, Sept. 23rd from 7 to 9 p.m. to help celebrate their Silver Anniversary.

National Reye's Syndrome Foundation

by Lillian Wolf

Our Foundation would like to announce that we are offering as a community service an "Awareness Night" on Reye's Syndrome. There will be a new 1980 film on RS, our National Foundation President, Mr. John Dieckman, and a local physician.

This will give us all, as parents an opportunity to learn more about this much-talked about disease. We will also have the opportunity to ask questions that may have been on our minds the past couple of years.

Hopefully, this will make us better informed and less frightened during this forthcoming school year. It will be Tuesday, Oct. 7, 1980 at 7:30 p.m. in the American Legion Hall. It is being sponsored by the Grayling American Legion.

Around the World With Steve Rison

EDITORS NOTE—This is part three in a five part series covering Steve Rison's Trip "Around the World".

My friend wasn't home initially but his family's reception was, nevertheless, extremely warm and comforting. The pleasant evening, however, certainly taxed my ability to communicate with gestures and what little German I have been able to pick up and additionally has convinced me that, with the number of German speaking friends I have, that I should start to study German upon my return. Later in the night I had another fine reunion with Josef as we reminisced over the spaces we shared and what we've done in-between.

The farmhouse, built in the 1600's, made a beautiful picture of the traditional dark brown wood Alpin facade with flower boxes of red and yellow flowers. It is situated along with the adjoining barn (home of Fink and Flora the cows), on a steep slope overlooking the village of Zell and the Zillertal Valley. It was like another good omen that I was afforded a couple of rain-free days to see the beautiful valley and surrounding snow-peaks glistening in the sun. The last of the hay harvest dried on drying stakes and we finished the haying in an interesting process which utilized a motorized pivotal pulley which drew a hay-filled wooden sled up the mountain into the barn. It was unique and efficient and allowed for the practical use of even the most difficult topography. Being a part of this simple yet comfortable life in such magnificent surroundings, if only briefly, made me appreciate the mountains and Austria in a way never before realized.

I then proceeded to Salsburg and though, I tried, I couldn't really hear Julie Andrews singing "Sound of Music"—mostly it was the continued sounds of

rain. Nevertheless, I found it a beautiful city and certainly deserving of its title "Rome of the North".

Memmingen, Germany was my next stop—an old Bavarian town west of Munich where lived a friend whom I had traveled with for awhile in India. He and his family, like the friends before, were warm and hospitable and bent over backwards to make me feel at home and to share their town with me. Memmingen is a place which seems particularly sensitive to maintaining its historical appearance and flavor. The town center is pretty much the way it was in the Middle Ages with the houses and shops all restored and in good order.

There was another fortunate break in the weather, so one afternoon a few friends and I headed off on a 20 kilometer bicycle ride to a neighboring village where we visited the village inn for an traditional drink-beer, coke and cognac—you imagine (?) followed by a short walk up to the 13th century castle-Schloss Kronburg. There we were able to have a short chat with Baron von Westernach who complained about how hard it was to keep up a castle. (Too much dusting I suspect).

City Council Proceedings

Regular meeting of the City Council held September 8, 1980. The meeting was called to order by Mayor Thompson at 7:30 p.m. Members present: Failing, Westervelt, Golinick, Thompson, Sabin. Members absent: None. Also in attendance: Jerry W. Morford, City Manager; Allen V. Schreiner, City Treasurer; Don Geiss, Ron Rakoczy, Darrell Metzger, Walter Nowak, Paula Dosch, Sue Diedrich.

Motion by Golinick, supported by Failing that the minutes of the meeting of August 25, 1980 be approved as presented. Ayes: 5, Nays: 0, motion carried.

There were no citizens present who wished to speak. Communications were received and noted. From Allen V. Schreiner re: Monthly Financial Report for August. Old Business.

The City Manager reported on the status at the proposed Cobble Creek apartment project. The project is proposed for the north side of Madsen between Mikado and the County Road. The site plan will be presented at the next council meeting.

Mr. Morford related to council the results of the Pre-construction meeting of 9-5-80 on the resurfacing of BL-1-75 with its attendant sewer work. The contractor will probably not start until April of 1981. This is because the project is so late in being started this year that a delay until next spring is advisable. The project will take 80 working days and will include some sewer renovation work near the river. Two way traffic will be maintained during construction.

Discussion took place on the purchase of a new fire truck. Grayling Township is to make their decision at their meeting of Tuesday, September 9, 1980.

The City Manager presented the final invoice from R.S. Scott Co. on the 1980 street program in the amount of \$791.66 and recommended approval.

Motion by Sabin, supported by Westervelt that the invoice from R.S. Scott Co. for \$791.66 be paid. Ayes: 5, Nays: 0, motion carried.

Mr. Morford brought council up-to-date on the proposed annexation. Mr. Morford, Mr. Sabin and Engineer Mr. Richards will attend the adjudication meeting in Lansing on September 18, 1980. It is hoped that this matter will be concluded at that time. He also detailed the property included in the proposed annexation.

The City Manager related to council the need for some sidewalk replacement in the city. He did not have a written proposal to place before council, regarding the 60/40 sidewalk project for the Fulton apartments. The cost will not exceed \$300.00 total of \$120.00 city share.

Motion by Thompson, supported by Failing that council approve 40% city participation in the sidewalk replacement at the Paul Thompson apartments located on Fulton Street as outlined. Ayes: 5, Nays: 0, motion carried.

The City Manager presented council with a recent magazine article relating to liability of volunteers driving city vehicles.

Reports of Councilmen
Mr. Golinick asked about possible installation of a sidewalk on the west side of Michigan Avenue opposite the Elementary School. Mr. Morford will measure the area and come back to council with a price.

Mr. Golinick asked about replacement of some deteriorating stop signs.

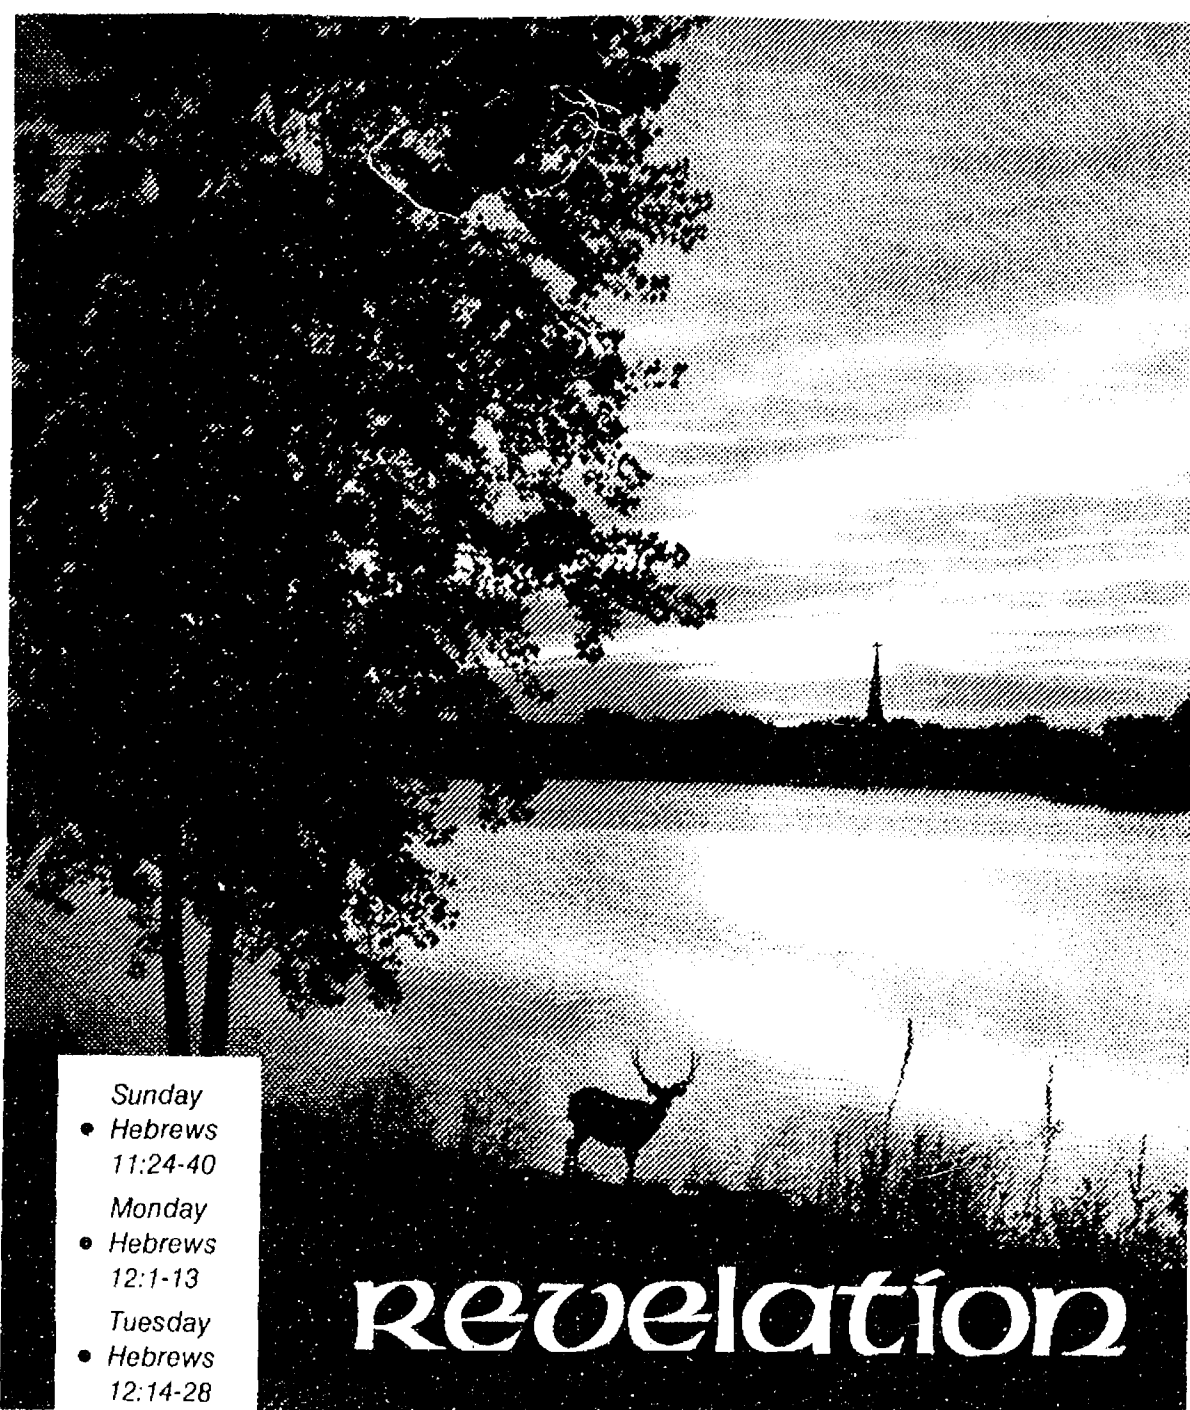

Mr. Sabin asked about the conclusion of the Mobil Station sewer problem. Mr. Schreiner reported that to his knowledge the matter was resolved.

Mr. Thompson reported that he conducted two wedding ceremonies on Saturday, September 6.

Reports of City Manager
Mr. Morford made no additional reports.
Adjournment
Motion by Golinick, supported by Failing that the meeting be adjourned. Ayes: 5, Nays: 0, motion carried. The meeting was adjourned at 8:00 p.m.

It is so much more beautiful than words. The sun touches the lake to bronze and the sky is a wonderful blend of apricot and mauve and burnished orange. The big buck silhouetted at the water's edge seems to be looking right at you. For the moment, at least, you are both unafraid.

You store this sight in your memory, to be dusted off on days when the view is cloudy. Remembering, you realize anew that there's something so much bigger than all of us. No man could have made that lake, nor that sky, nor that deer, nor all that glory.

Nature is an ultimate teacher. It would seem, in fact, as if God must have chosen nature as a kind of reflection. Your place of worship is a reflection, too. Why not take a look at it?
